

CR 902

Thank you for choosing this furniture.

BEFORE YOU START ASSEMBLY please store the carton at room temperature for 48 hours or more so the contents can acclimatise.

PLEASE RETAIN ALL PACKING UNTIL YOU HAVE COMPLETED ASSEMBLY.

Information about your Pine furniture.

Our pine furniture ranges have been carefully crafted from solid wood and natural wood veneers. Each piece of pine has unique characteristics such as knots, variances in shading and graining. These are part of the natural character of the furniture itself.

Caring for your Pine furniture.

Extreme temperature can cause slight movements in the wood itself so please avoid placing your furniture close to radiators or the direct sources of heat. Humidity should also be avoided.

Please avoid exposing your furniture to continued bright sunlight as it can affect the colour.

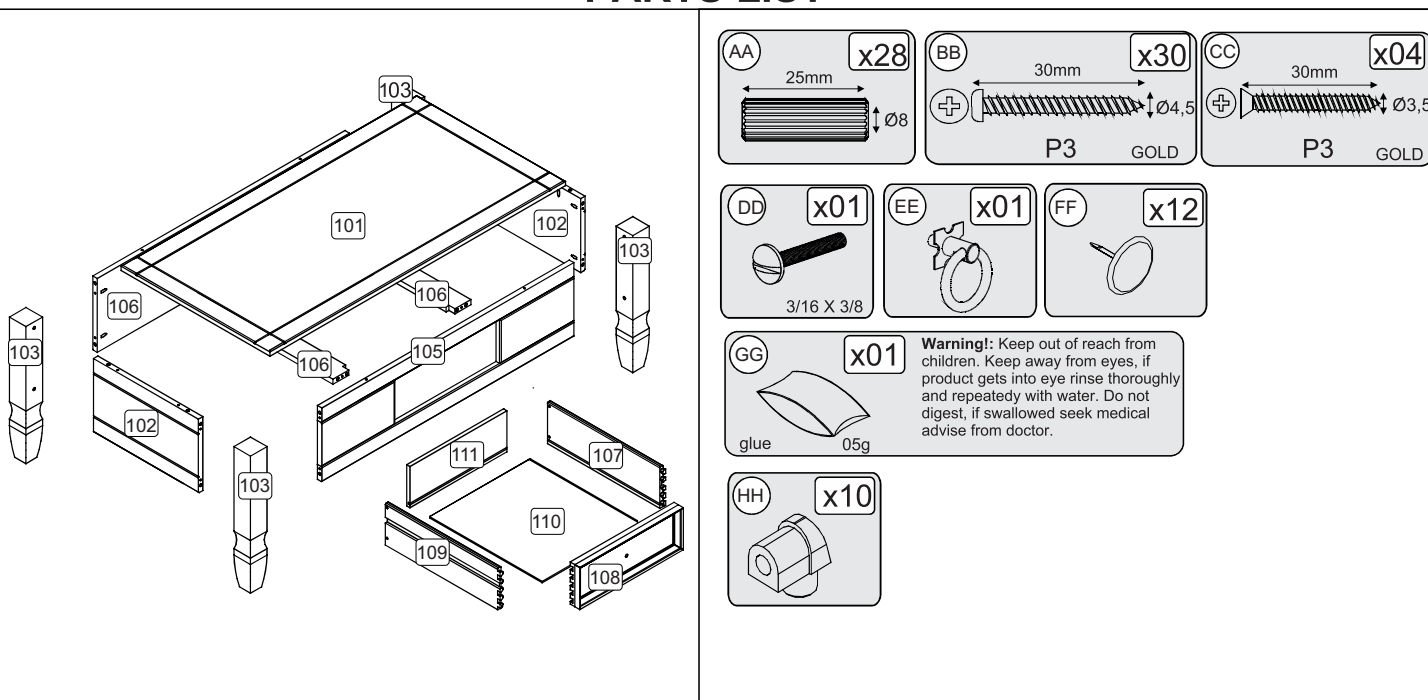

Any fluid spills should be removed as quickly as possible.

Always lift your furniture when moving as dragging may cause damage to your furniture or flooring.

After care.

Wipe the surfaces with a dry cloth and an occasional use of a normal household furniture polish. For the models with drawers, we also recommend you use household spray polish occasionally on drawer grooves and runners as this will aid use. Please do not use detergents or chemicals on your furniture.

PARTS LIST

BEFORE YOU START ASSEMBLY

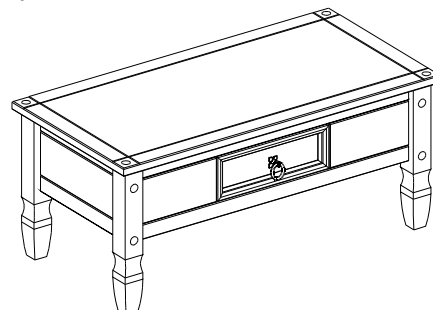

Please check that you have all the correct parts and fittings as detailed in the Parts List above.

In the unlikely event that you require to order spare parts please refer to your delivery note for details of how to order on our Parts Website.

04

Diagram 04 illustrates the assembly of the P3 GOLD. The main assembly shows a large rectangular frame with various components labeled with callouts: 103, 105, 104, BB, and B. A detailed inset shows a close-up of a BB (ball bearing) being inserted into a hole. A separate view on the right shows a component being rotated 90 degrees. A technical specification box at the bottom right indicates the BB size is x08, the distance is 28mm, and the component is P3 GOLD.

06

"Join drawer sides to drawer fronts with caution not to damage dovetail joints. Tap gently up and down the drawer side until fully inserted into drawer front."
